

With an **Evoke** floor, you don't have to worry. Go ahead and live it up -Evoke, flooring that can take it.

Waterproof. Spill? Chill. Evoke delivers guaranteed protection from standing surface water.

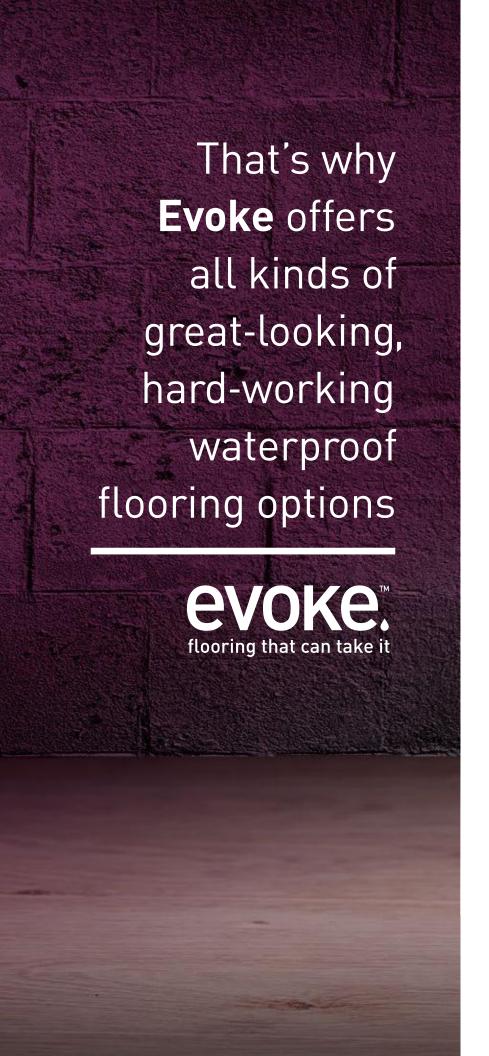

**Pet proof and child friendly.** Accidents and incidents, and "what have you done?" moments - Evoke can handle them all and come through smiling.

Good-looking. Whatever their design, all Evoke floors have one thing in common: They look marvelous! And, they age pretty darn well, too.

Install anywhere. Put it here, or there, or there - from lounge to laundry, bedroom to bath, Evoke works wherever life goes on.

Easy to live with. Guaranteed performance, best-in-class warranties, easy maintenance and great indoor air quality certifications. And, a warranty to back it all up and give you peace of mind.

## DISCOVER CLEAN FLOORS

Evoke floors are manufactured by Metropolitan, a company with over 25 years' experience in providing premium quality flooring solutions.

Its Clean Floors initiative, a program of quality assurance, environmental compliance and customer care has become a model for the industry.

Clean Floors is your assurance that the flooring you purchase is:

- Ethically manufactured to our specifications and passed our strict quality control measures,
- Meeting or exceeding all regulatory requirements for content, emissions and material sourcing,
- Tested by internal and external teams to ensure performance metrics are met or exceeded, and
- Backed by best-in-class warranties and complete technical support.

## What does 'clean' in Evoke floors mean?

### A waterproof vinyl floor that's easy to install

Evoke makes vinyl composite core flooring with two popular core types:

WPC: Vital. Vivid

SPC: Vigor, Spark, Runway, and Bridge

WPC floors are made with a core of PVC, designed with just a little 'give' to provide a comfortable walking surface.

SPC products have tiny granules of crushed stone mixed with the PVC, which makes the core more durable and firmer underfoot.

#### Construction

- High-performance wear layer with UV cured topcoat
- Waterproof WPC or SPC core
- Integral high-density foam underlay
- Painted bevel on all sides

#### Installation

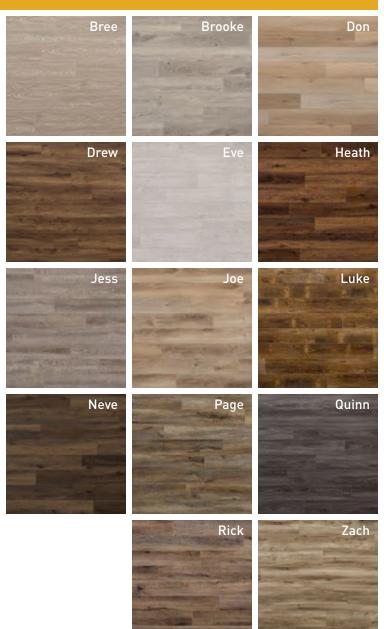

- Any interior space including bath, laundry, kitchen
- Suitable for use over radiant heat
- Floating 'click together' installation
- State-of-the-art joint system

#### Installation aids and accessories

- Adhesives: Not required
- Underlays: Optional for added acoustic performance
- Trims & transitions: All profiles available

For more information about adhesives; underlays and acoustics; vents; moldings; recoat, retouch and repair, visit metrofloors.com/metro/accessories.
